

M'CARTHY IS HERE TODAY

Will Appoint a Midshipman in the Naval Service.

CANDIDATES BEING EXAMINED.

Congressman Arrived in the City This Morning From Ponca—Is at the Pacific Hotel This Afternoon—Seen by Friends.

For the first time since he has assumed the office of congressman from the Third district of Nebraska, J. J. McCarthy is visiting Norfolk today. Mr. McCarthy came in on the morning train from Ponca and is this afternoon conducting an examination for the purpose of appointing a midshipman in the United States naval service.

The examination is being made on the subjects of spelling and punctuation, the use of capitals, grammar, United States history, world's history, arithmetic, algebra and geometry.

The candidate must be of good moral habits, free from the use of tobacco in any form, sound physically, between the ages of fifteen and twenty years, and a bona fide citizen of this congressional district.

Among the candidates who appeared in Norfolk today were C. A. Reimers, jr., of Pierce; Sol F. Light of Hartington and Christophsen of Wayne. Mr. McCarthy will give out the nomination some time during the day.

WORK OF LATTER DAY SAINTS.

Next Annual Conference Will Be Held at Kirtland.

Kansas City, April 9.—The annual conference of the reorganized church of Latter Day Saints, in session at Independence, decided that the next annual conference of the church would be held at Kirtland, O., beginning April 6, 1904. Lamoni, Ia., Los Angeles and London, Ont., were candidates for the next conference, but Kirtland received four times as many votes as any other city. A strong influence in favor of Kirtland was that in Ohio an anti-Mormon society has its headquarters and is doing all it can to counteract the doctrines of the Latter Day Saints. The report of the bishop of the church, E. L. Kelley, stated: "The year 1902 was the most prosperous in the history of the church and the work undertaken and accomplished was the most extensive."

The conference decided that any member of the church may withdraw from the church by presenting a petition to withdraw, the request to be acted upon by the church, after which the member will be given his withdrawal. This decision settles a question which has been discussed at the conferences of the church for ten years.

Union Men Resort to Violence. Baltimore, April 9.—As 100 non-union structural iron workers were waiting in the Calvert station of the Pennsylvania railroad to board a train for Pittsburg, they were approached by a number of union men, who tried to dissuade them from taking the places of strikers. Finding their arguments unavailing, several of the union men resorted to violence and a lively scene ensued. Reserves from the Central police station arrested four union and two nonunion men. The other nonunion men proceeded to Pittsburg.

Textile Strike Indorsed. Boston, April 9.—Not only was the position of the Lowell cotton mill operatives and the strikers at Woonsocket and Manville, R. I., indorsed at the session of the National Mule Spinners' association, but preparatory steps were taken towards ordering strikes of spinners at other New England points. The executive council of the association was instructed, in case the efforts to induce mill owners to advance wages are futile, to order strikes at such times as may be deemed most expedient.

Railroad Speeder Run Down by Train. Jackson, Mich., April 9.—A gasoline speeder, on which Roadmaster Michael Flahive of the Michigan Central, Division Engineer Sharp and Frank Adrian were making an inspection of the roadbed, was run down by the fast American express train near Grass Lake. All three jumped, but Flahive failed to clear the track and was terribly mangled by the engine. Sharp was painfully injured, while Adrian escaped uninjured.

Row Over Party Rates. Chicago, April 9.—The meeting of western passenger men, held for the purpose of discussing party rates, narrowly missed breaking up in a row. It developed that some of the representatives are firm in their opinion that the making of party rates for any class of people is a discrimination within the meaning of the law, and are therefore strongly in favor of making party rates available to the public.

Cuban House Elects Officers. Havana, April 9.—The election of officers of the house of representatives showed that the political parties are very closely divided. The house was formerly strongly against the administration, but lately the republican-conservatives have claimed the majority of members. Senator Portuendo, nationalist, was elected president of the house, defeating Senator Garcia, republican, by a vote of 29 to 26. The republicans succeeded in electing Senator Cardenal of Matanzas vice president by 29 votes to 24. The nationalists elected Senator Perez secretary of the house by a majority of six. The senate has an ample republican majority.

BANK CASHIER IS SLAIN.

Shot Down on Streets of Texas Town in Pistol Duel. Sherman, Tex., April 9.—Ben L. Thompson, cashier of the Bank of Commerce, was shot to death on the public square of this city by W. E. Stone of Texarkana. The men met on the street and without preliminary parley drew their revolvers and opened fire. Thompson was struck by one of the first shots and fell mortally wounded. He died a few hours later. Stone is a traveling salesman for a Dayton, O., house. Stone surrendered. He stated that the tragedy was the result of a family difficulty.

Slain in Street Fight.

Opelika, Ala., April 9.—In a street fight here J. L. Moon, deputy sheriff, was shot through the arm and John Long, a wealthy citizen, was killed. Sheriff Hodge, who fired the shot that killed Long, narrowly escaped death, several bullets going within a foot of his body. The firing began when the two officers offered to shake hands with Long and his companion. Instead of accepting the proffered hands, Long pulled his revolver and began firing at Moon.

High School Students on Strike.

Madison, Wis., April 9.—Led by the son of the superintendent of schools and sons of some of the best families in Madison, 300 high school students went out on a strike for single or half-day sessions. They congregated in mobs about the high school building and made such a disturbance that a detail of police was called to suppress them. As the strike is approved by the parents of a number of the students it is probable that considerable difficulty will be experienced in settling it.

Methodists Begin Work of Revision.

Chicago, April 9.—The commission appointed by order of the last general conference of the Methodist Episcopal church to consider the advisability of revising the catechism and order of worship began its work in the assembly rooms of the Methodist book concern. The commission elected Bishop Merrill chairman. The subject was discussed at length, but no definite action was taken. A number of sessions will be held, as the commission has a year or more to complete its work.

Propose to Forfeit Charter.

Austin, Tex., April 9.—The railroad commission issued an order for a hearing on April 14 to take up and consider the proposition to forfeit the charter of the San Antonio and Aransas Pass Railroad company because of an alleged illegal issuance of bonds to the amount of \$1,700,000 without such bonds having been approved by the commission. It is also alleged that the Southern Pacific Railroad company owns a controlling interest in the road.

Burlington to Build in Missouri.

Jefferson City, Mo., April 9.—Articles were filed with the secretary of state by the Chicago, Burlington and Quincy railroad showing that the company proposes to build and operate a branch line from Old Monroe, in Lincoln county, through Montgomery county, to Mexico, Mo., or a point on the Chicago and Alton road near Mexico. The branch will be about sixty-three miles long and will cost \$2,200,000.

Sierra Flees to Salvador.

Panama, April 9.—A dispatch from Honduras announces that General Sierra has abandoned Nicaragua and it is believed that he will flee to Salvador. The town of Coray has also been captured by the forces of General Bonilla, and only the Honduran capital, Tegucigalpa, now remains in the power of President Arias.

TELEGRAMS TERSELY TOLD.

Four hundred miners at Litchfield, Ill., are idle owing to a strike of the drivers.

Henry Van Brunt, well known as an architect and a designer of the electricity building at the Chicago World's fair, is dead in Boston.

Mrs. Booker T. Washington was a guest of honor at a meeting of the State Federation of Women's clubs held in Dorchester, Mass.

The French bishop of Szechuan, the middle province on the western frontier of China, predicts a general Boxer rising throughout the province.

According to Dr. Bennett, agent of the United States bureau of animal industry, the foot and mouth disease has now been practically stamped out in Massachusetts.

Professor Ernest A. Eggers, head of the department of German at the Ohio state university, committed suicide by shooting at his home in Columbus. It is said he was despondent from ill health.

Lord, Owen & Co., one of the oldest drug firms in Chicago, confessed insolvency in the United States court Wednesday. The firm placed its liabilities at \$762,730 and its assets at \$315,537.

In a decision handed down by the state board of railroad and warehouse commissioners, the Illinois Grain Dealers' association is criticised for establishing a boycott against independent grain dealers of the state.

Mrs. Yetta Brownstein and her two children were burned to death in their home at Philadelphia. Two other members of the family are in a hospital in a critical condition. The fire was caused by the overturning of an oil stove.

Miss Frieda Pink, an eighteen-year-old senior at an Indianapolis high school, is at the point of death as a result of injuries received in a basket ball game at Crawfordsville. Miss Pink went down in a scrimmage and was kicked in the side.

SALARIES FOR HOSPITAL.

Bill Yesterday Giving Norfolk Two Years' Appropriation.

AMOUNTS IN ALL TO \$54,850

W. M. Robertson Returned at Noon Today With That News—Governor Will Probably Sign—Work of Committee Done.

W. M. Robertson returned from Lincoln at noon and has now finished all the work connected with the chairman-ship of the local committee on the hospital. The final accomplishment of the passage of a general appropriation bill last night which provides for the maintenance of the institution during the next two years.

The salaries provided for the next two years are as follows: Superintendent \$5,000; assistant physician \$3,000; steward \$2,400; bookkeeper \$1,800; employes' wages and maintenance \$42,650.

This, together with the \$100,000 provided for the institution, makes \$154,650 that Norfolk gets from the legislature this year. This is due mainly to the efforts of a few prominent citizens who formed the committee and who have spared no pains, whatever, to work for Norfolk. The governor has not signed the bill when Mr. Robertson left but it is understood that he will.

SESSION ABOUT ENDED.

Nebraska Legislature Now Only Awaits Engrossing of Bills.

Lincoln, April 9.—All that remains of the twenty-eighth session of the Nebraska legislature is the signing of a number of bills by the speaker of the house. Both house and senate have passed all the bills pending before them and wound up all other business. Owing to a rush in the enrolling of bills the house clerks were unable to get all the measures to the speaker last night. The final adjournment will come some time today.

The closing hours were marred by an attack on the speaker of the house by Ten Eyck of Douglas. Speaker Mockett had left the chair to speak upon an insurance bill and Ten Eyck was debating on the opposite side of the measure. In language so forcible as to arouse the entire house, the member from Douglas charged the speaker with "descending below the level of his official dignity" and using the powers of his position to defeat the bill. Ten Eyck later apologized and the incident closed.

The wolf bounty went through in the claims bill, as the house insisted upon it remaining. The claim of ex-Treasurer Hill was cut to \$2,000.

Another Break in Levee.

New Orleans, April 9.—With the blowing out of forty feet of cribbing at the Hymelia crevasse, the situation there has become serious and fears are expressed that unless the damage can be immediately repaired other portions of the 3,000 feet of work will be endangered by the strain placed upon it. The water is going through the opening at a terrific rate and there is alarm lest other sections give way while efforts are being made to mend this break.

Iowa Gunners Smash Record.

Pensacola, Fla., April 9.—World's records are being smashed with frequency by the ships of the North Atlantic fleet. The Illinois lowered all records for accuracy with thirteen-inch guns and now the Iowa takes the record with six pounders. The vessel was firing the guns of this size in the gulf when the gunners fired thirty-six shots in succession, each falling true at a range of 100 yards. Three gun crews participated.

Kills Mother and Herself.

Aberdeen, Miss., April 9.—A tragedy occurred at the home of J. Z. Cowart, a farmer living near here. While other members of the family were at work in the field, Rosie Bell Cowart, aged twenty-four, with a shotgun, shot and killed her mother, then went to another room in the house and blew her own brains out. The young woman had exhibited signs of insanity, which is the only theory that can be advanced for the tragedy.

Garrett Makes High Score.

St. Joseph, Mo., April 9.—John D. Garrett of Colorado Springs made the high score in the shoot of the Missouri Game and Fish Protective association's contests at Lake Contrary, killing 175 out of a possible 200 birds. J. M. Culvert was second, killing 173. H. E. Fulford killed 171. A high wind precluded the possibility of better scores. There is a good attendance.

Admiral Schley at St. Paul.

St. Paul, April 8.—Admiral Schley arrived from the west and was met by a local reception committee at Litchfield. At the station the admiral was greeted by Governor Van Sant, Mayor Smith and another committee of citizens and escorted to the Aberdeen hotel. He addressed the students at Hamlin college this morning and this afternoon a public reception will be held at the state capitol. A parade will precede the reception.

Miners Are Dissatisfied.

Wilkesbarre, Pa., April 9.—The reports sent out concerning a general feeling of unrest among the mine workers are in many cases exaggerated. In this valley there is some little dissatisfaction at a few of the collieries, but what there is it is believed can readily be remedied upon the arrival of President John Mitchell, who is expected to reach here some time during the next week.

TAKE OFF YOUR HAT TO AN OLD FRIEND.

Mexican Mustang Liniment

Its Year of Jubilee has come.

Sixty years of faithful service to Man and Beast entitles it to

A GRAND DIAMOND JUBILEE

Your sires and grand sires used Mexican Mustang Liniment because it healed their hurts and cured the ills of their domestic animals. What MEXICAN MUSTANG LINIMENT did for mankind and brute kind 60 years ago it does to-day. It has always cured and always will cure any and everything that a good, honest liniment can cure.

All Sorts of Horse Flesh

are all subject to all sorts of Sprains, Bruises, Flesh Wounds and other ails. Most owners know that Mexican Mustang Liniment is the most effective horse medicine that ever penetrated flesh. It is the best investment an animal owner could put money into.

It soaks down through the muscles.

No liniment can cure unless it penetrates the fevered and swollen muscles right down to the roots of the trouble. MEXICAN MUSTANG LINIMENT penetrates more thoroughly than anything that was ever created in a chemical laboratory. The deepest, most stubborn and most intense pain in man or beast can be reached and routed by the use of this good old time-tried liniment.

Cures the hurts of anything that walks.

If your horse has a stiff joint, a harness sore, a cut or bruise, MEXICAN MUSTANG LINIMENT will cure it. If your cow has a hurt, a caked udder or sore teats it will cure it and restore her to health and usefulness. If your poultry has roup, frozen combs, rheumatism, scaly legs or any disease of the flesh or bones MEXICAN MUSTANG LINIMENT will cure them. What it has done in thousands upon thousands of instances justifies these claims.

Two things needed in lameness.

What Lameness, Stiff Joints and other deep-seated ailments need more than anything else is MEXICAN MUSTANG LINIMENT. The next is plenty of rubbing. The rubbing works the liniment away in through the tired and sore muscles to where the pain begins and then the lameness disappears and the pain departs.

Three sizes. 25c., 50c. and \$1 a bottle. Sold everywhere.
